ORDINANCES PREPARED FOR ACTION OF COUNCIL

Joint Committees Work on Them with Fruitful Results

McKEAN MAY BE OPENED

If Weather Permits It May be Paved Between Boroughs This Year

The ordinance for the opening up of McKean avenue between the boroughs of Charleroi and North Charleroi and the one for the changing of the course of Lincoln avenue, were prepared for action by the Charleroi council last night at a meeting of the street and ordinance committees. All members of the street committee, Councilman Frew, Calvert, and Frye were present and one member of the ordinance committee. Mr. Frye. Solicitor D. M. McCleskey attended the meeting. C. N. Bennet and Charles F. Thompson were present for the Westside Street railway company, and T. P. Sloan, councilman from North Charleroi borough, was also present.

The ordinance for the opening up of McKean avenue, was one that had been prepared by the Pittsburg Railways company. It was gone over thoroughly and put in shape for council to take it up at the next regular meeting, which will probably be ready next week.

The ordinance for the change in course of Lincoln avenue has already passed first reading, and was placed in the hands of the joint committees for whatever alterations might be thought necessary. It was also gone over thoroughly, and put in such condition as it is prophesied that it will pass finally at the next meeting.

Both are important ordinances. If the weather permits, it is likely that the McKean avenue extension will be paved this winter, if the ordinance passes.

The North Charleroi council took action some time ago on the matter of opening up McKean avenue and have been waiting action by the Charleroi council. Apparently the matter will be fixed up by the passage of the ordinance, and the Pittsburg Railways company which was to do the most of the work will begin activities.

FIRE BUILDING FOR SOUTH BROWNSVILLE

Work will be begun within the course of a few days on a fire building for the Borough of South Brownsville. Council recently acted on the matter, and made arrangements for the construction to start at once. The plans and specifications call for a two story frame building lower story to contain two box stalls and engine room and the upper story to contain a meeting room for the fire company and a feed and storage room. The whole building will cost about $1,500.

"The Merry Cobler."

A comedy drama in four acts in Charleroi Turner Hall, Friday evening, October 29, 1909 by the M. T. V. Dramatic section of Monongahela. Tickets twenty-five cents. Doors open at 7:30 performance at 8:15. Tickets on sale at Piper's Drug Store. 57t6

The last week to get a pair of shoes at a greatly reduced price at C. R. Newcomer's.

Professional Bums Frequent Charleroi

Not as Much a Nuisance as Some of the Tribe, However

There are a number of tramps and professional bums in this section now, who are working the people for whatever they can get out of them. This is the time of the year that the bums become ready for their winter's migration, or get sent to jail. Many prefer jail during the cool weather, on account of the good feed and the warm accommodations they get. Yesterday Charleroi was infested with a number, who, however, did not make themselves very promiscuous.

DONORA ASKING FOR COMPETITION

Philadelphia Company Now Considering Proposition

The Philadelphia Gas company has a map of Donora, and at the present time is contemplating a proposition made them by the borough to come it. The company now has a line running along the southern border of the town and supplies the mills with their natural gas, so that they would have easy access to the borough. This action was taken by the city fathers soon after the Greensboro Gas company declared the raise in price. If there is a bill in equity filed against the Greensboro company, however, it is likely that Donora will join.

The Philadelphia company's lines also extend through Charleroi, and supply the gas for the Macbeth-Evans plant.

SIDEWALKS NOT TO BE USED FOR DISPLAY

An ordinance forbidding the use of sidewalks by vendors of fruit, meats, fish, peanuts or any other article of merchandise has just been made law in Monessen. All goods, wares or merchandise displayed on any portion of the sidewalks must be enclosed in glass cases or fixtures of a permanent character, not to exceed 20 inches from the building line. It is now unlawful for any one to place anything on the sidewalks that tends to obstruct the free use of them, except for loading and unloading purposes and then for a period not to exceed three hours.

The fine for arrest and conviction is not less than $1 and more than $10, or imprisonment not to exceed five days. This practice has been so badly abused in Monessen as to become a nuisance in many cases. It is believed this action will meet with general approval. Burgess Reamer has just signed the ordinance

The ordinance is something after the plan of the one passed in Charleroi not long ago, to the effect that signs must not extend out over the sidewalk more than 20 inches.

Chicken and biscuit supper under the auspices of the Ladies Aid, in basement of First Christian church, Saturday, October 23, 1909. Children under 10 years, 25 cents. Adults 35 cents. 5414

DEADLOCK IS BROKEN

Member Elected to Donora Council to Fill Out Unexpired Term

The Donora councilmanic deadlock has at last been broken, and Thomas Young will become a member of the body of council, at the next regular meeting. The vacancy resulted from the resignation of the unexpired term of J. Frank Patterson.

Alex Carlson and Thomas Young were the men over which there has been trouble. It has been the custom to monthly meet, call the roll, and among other business nominate these two for the office, then deadlock and to pass on to something else. But at the last meeting, which was on last Monday, one member was absent, he being one of Carlson's backers. The names were proposed and Young was elected three votes to two.

COULD GET GOOD BUNCH OF PLAYERS

Charleroi Has Sent Many Baseball Artists to Professional Leagues.

Had the Pittsburg National league baseball team come here last week for a game, the chances are that they would have been treated to a surprise. Charleroi intended to put her own players into the game, but when they are rounded up a fast bunch is the result. Charleroi has graduated a number of players into larger leagues, where they are making good at the present time. The peer of them is "Bill" Phillips, the former Chicago National league pitcher. While he is from Allenort and played ball with Chicago before he played in Charleroi, he may be considered as belonging to this place, as he has business interests here.

The probable lineup in case Pittsburg would have come here would have been from the following players: Murray, Portland, Oregan, Pacific Coast league, or Makepeace, Youngstown, O. and P., catcher; Bert Humphries, Grand Rapids, drafted by Philadelphia Americans, Willis Humphries, drafted by Pittsburg, Arch Osborne, East Liverpool, O. and P., finished with Wheeling, Wolf, Wheeling, Central league, Phillips, manager Wheeling, pitchers; McGinty, drafted by St. Louis Americans, shot stop; Phillips, first base; Urben, Charleroi, Pa. W. Va., second base; G. Elliott, McKeesport, O. and P. 3rd base; Coulson, Memphis, Southern Association, left field; H. Elliott Charleroi and Fairmont, Pa., W. Va., middle field; Abbott, New Castle, O. and P., right field.

This is a bunch that would have caused the Pirates to sit up and take notice. With a weaker aggregation than this the Charleroi P. O. M. team in 1906 shut the Pirates out in a barn-storming game here before the season opened.

PAVING WORK IS PROGRESSING WELL

Unless there is too much bad weather, the laying of brick on North Charleroi streets, which are to be paved, will be begun by the first of November. The first part that will be paved will be the section of street near the station and the street leading from the street car line to the schoolbuilding. The grading is being finished up as rapidly as possible and the Pittsburg-Railways company is preparing to lay their double tracks. The railways company will pave between their tracks.

Unpaid Taxes.

On October 1, 1909, the unpaid balances on state and county taxes for the years 1907 and 1908 were as follows: 1907, $11,9719.01; 1908, $27,310.61. The books were placed in the hands of the collectors on September 15.

Mr. and Mrs. Neri Newcomb left this morning for Pittsburg and other points where they will visit with friends.

GAUZE IN STOMACH

Doctors Leave Part of Implements in Man, Then Cut Him Open to Get Them

Jokes about doctors leaving instruments and other parts of their outfit inside the anatomy of patients who have been operated on, are not so far fetched after all. It is stated that Frank Naylor, of Webster, who was shot some time ago by an Italian through the abdomen, has just had extracted from his internal affairs a piece of gauze 9 by 11 inches long which the surgeons had inadvertantly left there and which the young man had carried around for 19 weeks.

At the time Naylor was shot on May 29 the wound was thought to be fatal. He was taken to a hospital and operated on, and finally rallied, but did not entirely recover. Recently a physician examined him and found a piece of thread protruding from the wound which had never entirely healed. An immediate operation disclosed the presence of the gauze, and it was extracted.

INDEPENDENT IS GAINING GROUND

Probabilities are That Line Will be Installed in Donora.

The Independent Telephone company in entering a new field of conquest, Donora, and from present indications it will be successful in gaining apace in that borough. The council of that borough has already passed an ordinance granting a franchise to the Independent company through first reading, and it is likely that the matter will pass second and third readings at a future date. The Donora people are dissatisfied with the service being rendered by the Bell Telpehone company, who recently declared a cut down in the district so that free service was no longer to be had between Belle Vernon and Fayette City, and other towns south of Charleroi. The Independent company is affiliated with the Charleroi Telephone company.

WILL CELEBRATE HALLOWE'EN SANELY

Through the agency of its Civic League Belle Vernon is going to have a Hallowe'en celebration. This will be in the nature of a parade, which will be made up of floats, maskers and other novel features. The town will be given over to well regulated fun and hilarity and a large crowd is expected. Extensive preparations are being made for an interesting program.

The Civic League of Belle Vernon recently elected the following officers: President, E. L. Sears; first vice pr sident, E. M. Kyle; second vice president, W. A Mitchener; recording secretary, C. H. Truxall; corresponding secretary. F. H. Steen; treasurer, W. C. Kittle. These gentlemen make up the executive committee.

The new railroad station will be secured though the efforts of the League, which is now working for better train service in and out of the town.

ODIOUS EXPRESSION CAUSE OF TROUBLE

The disgusting expression "Oh You Kid," is said to be responsible for a Monessen youth getting into trouble at Pittsburg recently. While walking the street there, in passing a young woman, he gave vent to the odious expression "Oh You Kid" She walked on, quietly but got a policeman around the corner, came back and had the young man arrested. He was given a ride in a patrol wagon, and when taken before a police magistrate pleaded guilty. He was given a severe reprimand and assessed a fine and costs amounting to $37.50.

Get in line and be on time to attend. C. R. Newomer's big reduction sale. It lasts to October 27 only. 5612

STRIKERS CLAIM THEY HAVE "COMBINE" LICKED

Congressman Tener to Attend Convention

Will Be in Party Going Over the Mississippi Next Week

Congressman J. K. Tener leaves today for St. Louis, where he will accompany the Presidential party on its tour down the Mississippi river in the interests of inland waterways improvement. Besides President Taft the party will be composed of other Government officials, Governors, Senators and Congressmen who are interested in the policy.

THE LAW NOT THE COMPANY WRONG

So is Option of Correspondent on Much Discussed Gas Question.

To the Mail: Charleroi and neighboing towns are for the present agitated over the increase in the price of gas. No one, outside of the big shareholders is in favor of this latest grab, but, getting down to the foundation, to the question of right or wrong, is the gas company committing a wrong? I claim the Greensboro Gas company is, so far as this raise in price is concerned, doing a perfectly lawful business. The claim is set forth that as Brownsville and Monongahela are getting cheaper gas, so also should Charleroi. So it should, but how are you going to get it? In Brownsville and Monongahela there is competition in Charleroi the product is cornered. The gas is owned by the Greensboro company and they have a right to sell it for any price they may see fit to charge for it. If you don't want to buy the article, you can do without it. How would you, Mr. Business Man, like to have a Federal officer step into your store and demand that you reduce the price of shoes, clothing or any other article that the people must use? You would be quick to cry out "confiscation."

The truth of the matter is that Charleroi has dug the hole and then put its foot in it. It will grant exclusive rights and then kick because they are exercised. If all the people of Charleroi owned the gas no one of them could raise or lower rates, but of course that wouldn't do; it would savor too much of that hateful, treasonable, seurilous, anarchistic policy so bitterly hatred by our "good old honest Government."

Jim.

County Seat Without Water.

Washington is having the experience that Charleroi did several years ago, when a break in the pump here caused a water famine of nearly three days. At the county seat a break in the pump this morning necessitated sending the part to Pittsburg for repairs, and the town is without water.

Speakeasies Flourish.

The Canonsburg Notes asserts that speakeasies are said to be numerous in the east end of that town, and that large quantities of liquor are sold there illegally.

We still have about 500 pair of shoes on sale. Big reductions while they last. C. R. Newomer.

Window Glass Men Said to be Gaining Constantly in Strength

NEW FACTORY WILL START

Brownsville Company Will Provide Work for Many of the Belle Vernon Men

Both in Belle Vernon and Monongahela at the strike of the American Window Glass company, everything is quiet. The strikers claim that they are gaining constantly in strength, and have the "combine" licked while the company is striving to maintain their plants in operation, and keep before the public the fact that they are making good at the attempt.

The workers have been on strike now seven weeks and one day, on account of the disagreement over the wage scale. As a matter of fact the strikers are more solid now than when they started, although it is said that some have deserted the ranks, and gone elsewhere to work. The Window Glass company is still running advertisements in different papers for men, who wish to learn the trade, promising good wages. While the company stated that it is no difficult matter to learn these new workers the business, the strikers claim that the demand is so great for window glass, that new workers, cannot supply it.

The Window Glass company in Belle Vernon recently sent out personal letters to each of the former skilled workers, asking them to return, and during the past week a canvass has been made [illegible] to come to the glass house and see how successfully the plants are being operated, but few have gone.

It is stated now that the Brownsville plant is to start, and this is eagerly awaited by the Belle Vernon men, who could secure postions there and still reside in Belle Vernon. The Brownsville plant is a hand plant, and has not been running steadily for some time. It is stated that the window glass trade is now on the boom, and the hand made product is especially desired.

DAMAGE TO BOATS FROM ACID IN WATER

It is said that acid in the Monongahela river now is interferring with the packet and coal trade. One boat, the Jewell, is entirely out of commission for the time being, until her boilers can be repaired. The trouble is practically the same as that experienced during the period of low water last year, when acid coming from the mines and mills did great damage to the boilers of boats. The I. C. Woodward is practically out of commission, although it has been making an attempt to run on schedule time.

To Have Lecture Course.

Monessen is to have a lecture course this year. It is to be supported by the Centennial Bible class of the Christian church. There are four numbers in the course, and tickets are being sold for the entire number at $1.00. The entertainments are Jubilee Singers, Dr. I. J. Cahill, lecturer; The Houstons, musicians, magicians and ventriloquists and Dr. F. D. Power, lecturer.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

As You Look Into the Future

you cannot tell when you will need money most. It may be next year, or twenty years from now---but it's better to be prepared for any such time.

An account with the First National Bank will be your financial stronghold.

4 Per Cent. Interest Paid on Savings Accounts

THE FIRST NATIONAL BANK

Charleroi, Pa.

Depository for the State of Pennsylvania.

Close Application

and careless parents in childhood have placed glasses upon the nose of many people for life. It isn't pleasant to contemplate going through life ornamented with glasses, but it's lots better than "going it blind." Children's eyes should have careful attention. They should be examined at frequent intervals by a reliable optician. A little care may save them untold misery later. Examination free.

No Reason to Bolt.

An effort is being made in certain quarters in the county to induce Republicans to bolt the ticket this fall. There is no particular reason for so doing, as no issue is involved except the continued administration of the business affairs of the State in the capable and efficient manner in which it has been conducted since the last campaign.

In order to carry out the progressive and beneficient principles of the Republican party on National issue it is necessary to perpetuate and strengthen the party organization in both county and state. While there may be no issue involved but the personal qualifications of the candidates, those on the Republican ticket have everything in the way of capability, fitness, and integrity that the opposition can claim. It was the rank and file of the Republican party itself that selected the candidates, and no claims can be made that their nomination was dictated by bossism. The county candidates were nominated by a direct vote of the people, while the State officials were chosen by representatives elected by the people. Everything being fair and above-board, Republican voters are in honor bound to turn out and support the candidates at the election November 2 that they nominated.

Teach Men to Vote.

With all its great impetus during the past two or three years church work and influence will continue to go wide of its mark until an obligation requiring men to vote is made a cardinal principle of the church body itself as well as all of the various societies and brotherhoods which are growing so rapidly of late. Lack of civic patriotism and neglect of the electorate franchise is productive of as much evil as the lack of church organization itself. As a matter of fact it is the indifference of the church vote that permits all the evils to exist that are menaces to our social body today.

In the current number of McClure's Magazine is an article showing the shameful conditions of the white slave traffic which, with headquarters in New York City, extends its baneful influences into every quarter of the Union. This nefarious traffic is regularly organized and fostered through the political influence of Tammany Hall, which, in exchange for the votes of the offscourings, who deal in flesh and blood, protect them in their calling. The article is the result of the careful investigations of an expert sociological writer, and at least half of the men who read it instinctively know it is true. The system is strongly intrenched in every large city through the political machinations of those who control civic affairs and barter souls for votes.

All that is necessary to abolish this shameful condition is for men to vote at every election. Time and again the church people of nearly every large city have had a spasm of virtue and routed the political vampires at the polls, but they never follow up their victory, and conditions soon lapse back to the former low level. When the "silk stocking" vote of the East End, Pittsburg, turned out it overwhelmed all the down town wards that control elections. But the East End vote seldom turns out, and the vampires continue in control.

No church brotherhood or men's society will be complete that does not carry with it an obligation for its members to vote at every primary and general election. The evils the church can prevent but doesn't must surely be charged up against it.

What it is Coming To.

If Charleroi people are dissatisfied with the raise of the price in gas they have only to look to Belle Vernon and Monessen to see what is in store for them if they submit tamely to every advance in price. In those two towns the rate is 30 cents a thousand cubic feet with a discount of 2 1-2 cent for prompt payment. As the company usually takes the half cent in making change, it gets quite a comfortable income in that manner each month.

Some years ago the rate in Belle Vernon was 15 cents but as there was no competition there it has been gradually raised until now it is double what it was on the start.

This is what will happen in Charleroi unless a competing company comes in or other steps are taken. Whatever the public will submit to tamely will be exacted from it.

ELECTRIC SPARKS

Cook says he is going to prove that he is not a liar. Peary has practically acknowledged that he is going to prove that Cook is a liar. Better both keep still, or the public will be ready and willing to call you both capital builders.

A college professor says that everyone should eat the skin of fruit as well as the fruit itself. Suppose he must have been thinking of the scarcity of apples. Might have meant to classify wheat as a fruit also.

Connellsville is threatened with a silk mill. Charleroi can give some pointers in the game of how to enjoy them the best—possibly by leaving them alone.

Again the Washington Observer is in a quiet mood. Why not bring up the matter of the phantom votes? Guess the registration list interferes.

"The average boy is more ashamed of the neckties his father wears than he is of being expelled from college," says the Sheep Hill Philosopher.

William Allen White says that Cannon makes more anarchists than Emma Goldman. Aw! Gwan. Cannon has more sense than that.

In the Elk's hunt this year a rule is most noticeable. It is to the effect that chippies are not to be shot in an alley. H-i-s-s-s-t!!!!!!! Did someone do this last year?

The Monongahela Railroad is to be extended in the near future. Which means that the company is going to put the B. and O. out of business if possible, suppose.

And You'll Have to Tell.

"In about eight months
The census man
Will be around asking
'How old is Ann?'"

And if Ann won't tell
Her age to the day,
About how many words
Will the census man say?

It isn't the business that is worrying many persons. It's getting the money that's making them gray haired.

Apparently the silk mill proposition over at Connellsville is about the most interesting thing that is to be discussed. Even men are around hunting jobs already. One landing in that place ahead of time got drunk, and so forth.

An exchange says that a woman used her fists around the house to good advantage. That expression may be all right that way, but you would never say "good" in speaking of the way a man used his fists.

Many parents who think their children are incorrigible are willing to fight if any one else says the same thing.

A horse race is a tame affair compared with some church socials.

Monongahela's "Booster Week" will come in handy for the merchants of that place, who needed the money.

My, but Greene county's getting up-to-date! They've had two murders there in the past three years. However, they are yet to have a real mystery. At present all the mystery in that place seems to consist of "How Sim Thompkins got his Whisky," or "Why did Josh Bilkens' cow want to whistle?"

Fayette county is a wild and wooly place, all right. You can fall in a sunken coal mine most anywhere.

The Washington Reporter says they are "making" each county officer give his little mite, for campaign expenses. Nope. Wrong again. That's what they did when it was Ernie's turn to be elected.

Some fellows do write poor poetry. It's good stuff until they graft some fool editor to run it.

Very often three people are made happy by a wedding. The third party is the minister who gets the fee.

Many widows wear black when it's becoming—not for the deceased husband, but for the next one.

They are talking about a safe and sane Hallowe'en already, but many people are contemplating taking precautions that will makeit really safe, which consists of removing the front gate themselves and storing it away, and the locking down of every piece of property that is lying around.

The Uniontown Herald calls Connellsville "Mud Island" and the Connellsville Courier refers to Uniontown as "Beesontown." Both are ancient and honorable titles, and reminiscent of former days.

With football and aeroplanes booming and prospects of some more automobile races the doctors do not consider these such poor times. A professor says there are five stages in the life of the average schoolboy. They must be before, was, is, freshman, and know-it-all.

Branching Out.

Gottheld Bros. are building a 44 by 58 feet structrue on the lots recently purchased by them on McKean avenue between Seventh and Eighth streets. It will be used for stables, wagon sheds and automobile garage. Messrs. Gottheld are tearing out the stables on their Fallowfield avenue property and will build a structure there for a store room for their grocery business.

SIXTEENTH DISTRICT CONVENTION SUNDAY

District No. 166, of the Washington County Sunday School Association, which includes California, Coal Centre and Roscoe will hold a Sunday school convention in the First Presbyterian church of Roscoe, next Sunday afternoon and evening. Speakers of State wide reputation in the Sunday School field will be present and deliver addresses. A number from Charleroi Sunday schools are arranging to attend.

Mrs. Ida Chandler and Mrs. W. U. Hartupee of Pittsburg spent yesterday in Charleroi, visiting friends.

TALE OF THE "AHRLY" DAYS

"I am delighted to know and to see that the new bridge at your city is nearing completion and that a celebration will be held to honor its completion," writes Dr. J. S. VanVoorhis in the Monongahela Republican. "As I pass through the city during its construction I never fail to take a peep at the new bridge.

"At the time of the building of the old wooden bridge the business center of Monongahela was at the mouth of Pigeon Creek, and the very idea of having the bridge located down town would have been repugnant to the business interests. The mouth of the creek was the wharf and harbor of the town. There Bob Ray, Creakbaum, Caleb Harvey, John Nelson, et, al., loaded and unloaded their keel boats of freight consisting of store goods for Charley Bollman, Aaron Kerr, Joseph Wilson, Samuel Black, et al., from Pittsburg and, of whiskey and flour out of upper Pigeon Creek for Pittsburg, and here was the landing of the ferry, plied so long and faithfully under the supervision of the late Frank Manown. At this ferry crossed the largest number of Dutch to the west of any other ferry on the Monongahela and Ohio during that campaign of immigration. These people were carried westward in covered Conestga wagons and formed the nucleus of that class of citizens that laid the foundation of the now great west.

The building of the old bridge is yet alive in my memory. It seem almost sacrilege to have the very foundation removed. When the piers are taken and out the submerged wood work brought to light, I would be pleased to have some one note the condition of the sugar logs, as some of them were parts of trees grown on the old VanVoorhis homestead above the present driving park on Pigeon Creek. They were placed in the river in the summer of 1837—the bridge was completed in 1838. This bridge to some extent interspersed with the ferry business as operated at the so-called ford, now First street—and the Chess Ferry at Fourth street. The steamboats and other craft had their landing changed from mouth of Pigeon Creek and Fourth street to the present Second street wharf in about 1845. The principal contest was between the friends of Second and Fourth streets at the election of councilmen who made the change. The Ploughman was the first regular Monongahela steamboat packet—then followed the Export and the Moxohola. I hope you will have a grand gala day at the opening."

GERTRUDE GOODWIN MILLER COMPANY

Assisted by Francois Jores, a brilliant and artistic pianist, Paul V. Archibald, the popular baritone, and Ida Miller Smith, a soprano of rare attainments, Miss Gertrude Miller, reader, will give the first number of the Citizens' Entertainment Course at School Hall next Monday night. In addition to a charming personality, a fine intellect, and a splendid voice, Miss Miller's interpretations are said to rise above the level of mere entertainment. Her supporting company is composed of artists of the highest attainments and is one of the best on the American platform today.

Already a large number of season tickets have been sold. The entertainment course is an effort on the part of a body of citizens to promote high class entertainment for the people, and it deserves the patronage of all.

WRESTLING MATCH WILL BE A FEATURE

A fair-sized audience was in attendance at the "Moulin Rouge Girls" burlesque show at the Coyle Theatre last night, which will be repeated again tonight The company is made up of a bunch of clever entertainers, most of them comely girls, who appear to excellent advantage in the bright song numbers that have been arranged for them. Milton Shuster, well known in Charleroi is the feature comedian in the cast, and with the leading comedy in such excellet hands there is sure to be something doing all the time. Some of those who will assist in sending the audience home in good humor, are Sutter and Belford, May Burns, Shuster and Shuster, Joe Mack, Maud Gray, Mlle. Orletta in her Vampire Dance.

A wresting match between one of the male and female members of the troupe, and a chorus girl's contest, will be special features tonight. In this latter contest each of the girl will do a turn, and the one that gets the most applause will be awarded a prize.

Mitchell

Color Blindness.

One person in a thousand are either wholly unable to perceive certain colors or can recognize them only with difficulty. All attempts to overcome color blindness by educating the color sense have failed. There are three theories of color vision, all of which are based on the workings of the sensitive fibrils of the inner eye.

Odessa's Working Days.

The legal laboring day at Odessa, Russia, is twelve hours, with two hours for rest. Workers less than seventeen years old must go to school for three hours daily. Christians are not required to work Sundays or feast days nor Jews and Mohammedans on their holidays. Those who have to work on Sundays have the next day for rest.

Monessen.

Mrs. H. Myers is quite sick at her home at North Charleroi with an attack of grip.

A marriage license was granted at the county seat yesterday to Charles J. Rodgers and Mary Cornell, both of Charleroi.

Frank C. Houston, the singing evangelist who will conduct services at the First Christian church arrived and last night trained the chorus for the services. It is expected that there will be a chorus of nearly 100 voices.

Mrs. S. T. Chester and daughter of Crest avenue are spending the day in Pittsburg.

Misses Florence Crill, and Nelle Scott were in California last evening to attend a school society meeting.

Miss L. Reese of Pittburg spent last evening in town with friends.

Miss Lulu Reitz is spending the day in Pittsburg.

Miss Anna Sullivan is a Pittsburg caller today.

A. H. Furlong, the reliable piano man, among a large stock of new pianos, has for sale two slightly used pianos which he will sell at a great sacrifice. These pianos were used at Eldora Park for a term of four months. A. H. Furlong, 415 Fallowfield avenue, Charleroi, Penna. 57t2

Mrs. H. F. Steckman and son Glenn of Rices Landing, who have been the guests of Mrs. Patience Bonnell for a few days, returned to their home this morning.

Mrs. D. F. Worthington of McKean avenue has returnd home from Chambersburg and Harrisburg, where she spent three weeks. While at Harrisburg Mrs. Worthington attended the State Sunday School convention.

Dr. Edwin McKay has moved from 533 Washington avenue to his new residence at the corner of Fourth street and Washington avenue. His present number is 400, Fallowfield avenue.

The Heart of the Hailstone.

If it were not for the countless trillions of dust particles that float separately, invisible in the atmosphere there could be no raindrops, snow crystals or hailstones. From a perfectly dustless atmosphere the moisture would descend in ceaseless rain without drops. The dust particles serve as nuclei about which the vapor gathers. The snow crystal is the most beautiful creation of the aerial moisture, and the hailstone is the most extraordinary. The heart of every hailstone is a tiny atom of dust. Such an atom, with a little moisture condensed about it, is the germ from which may grow a hailstone capable of felling a man or smashing a window. But first it must be caught up by a current of air and carried to the level of the lofty cirrus clouds, five or six or even ten miles high. Then, continually growing by fresh accessions of moisture, it begins its plunge to the earth, spinning through the clouds and flashing in the sun like a diamond bolt shot from a rainbow.

Quite Sufficient.

Mrs. Jones (inspecting a milliner's window)—I don't see what it is that keeps those women's heads turning around all the time. Mr. Jones—Why my dear, just a bonnet itself is sufficient to turn any woman's head.—Lippincott's Magazine

The chorus met last evening for their first practice and preparations are all completed for beginning their revival. The sermon themes tomorrow will be: Morning, "The Living Sacrifice;" evening, "Without a Friend."

CURING CATARRH

Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to preform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucu-Tone will do wonders toward overcoming catarrh. It is made from the prescripton of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form to give Rexall Mucu-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and $1.00. Remember you can obtain it only at our store—The Rexall Store. - John W. Carroll.

WHEN HER BACK ACHES

A Woman Finds all her Energy and Ambition Slipping Away.

Charleroi women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains headaches, dizzy spells distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Charleroi woman's words:

Miss N. K. McDeavitt, 833 Lincoln Ave., Charleroi, Pa., says: "I was in such a serious condition as a result of kidney disease that I was unable to get around. I suffered severely from pains in my back and severe headaches. I had a constant feeling of depression and was unable to sleep well. A friend finally advised me to try Doan's Kidney Pills and I procured a box at Piper Bros.' drug store. From my experience with this remedy, I feel that I cannot praise it too highly. Doan's Kidney Pills live up to representations in every way and gave me prompt relief from my suffering."

For sale by all dealers. Price 50 cents. Foster-Milburn, Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Master's Sale in Partition

The undersigned Master, appointed by the Court of Common Pleas of Washington County, Pa., at No. 1750 in Equity, will offer at public sale, on the premises, on

Thursday, November 4th, 1909.

at 2 o'clock P. M., the following REAL ESTATE situate in the Boroughs of TWILIGHT and SPEERS, Washington County, Pa., near the Borough of Charleroi, described as follows:—

[1] An unimproved lot in the Borough of Twilight, 20x85 feet, being part of Lot No. 1 in the A. M. Young plan in said borough, adjoining land now of late Gibson Young.

[2] An unimproved lot in the Borough of Speers, adjoining land of the Believernon Bridge Company, fronting 181.9 feet on State Street and extending along the Monongahela River 135 feet.

[3] A lot of ground in the Borough of Speers, known as Lot No. 16 in the plan of said borough, fronting 56.5 feet on State Street and extending back 120 feet to an alley on which lot is erected a two-story frame building, occupied as a store room and dwelling.

[4] A tract of land in the Borough of Speers, containing 41.6 acres, lying along a public highway known as the State Road and sometimes called State Street, adjoining lands of the Electric Street Railroad, the N. Y. & C. Gas Coal Co., the Stewart heirs, and others: street car line along one side; suitable for building lots.

[5] A tract of land in the Borough of Speers, containing 18.880 acres, extending along the Monongahela River, a distance of 1096 feet, adjoining lands of the Electric Street Railroad, S. C. Speers, the N. Y. & C. Gas Coal Company, and others: subject to the right of way of the P. V. & C. Railway Co., suitable for manufacturing site or building lots.

The above described real estate was formerly the property of Noah Speers, deceased.

TERMS OF SALE: 10% cash on day of sale; one third less the 10%, on the confirmation of sale and delivery of deed; and the balance in two equal installments, payable in 6 and 12 months, respectively, to be secured by light bond and mortgage, with interest at 6% per annum.

J. R. McCreight, Master

"Quincy Adams Sawyer" Coming

Twenty kisses in a play, is the record in "Quincy Adams Sawyer," the big New England play from New York, which is coming to the Coyle Theatre soon. If all the world loves a lover, it is equally true that all theatregoers enjoy lovers on the stage who are given to osculatory demonstrations. There have been many famous kisses on the stage. The first one of note was the Emma Abbot kiss, and more recently there has been the Nethersole-Carmen kiss. Most people would not give the snap of their finger for a play in which they could not see the hero make love to one or more pretty women; they like to see them indulge in osculatory exercises as often as the story of the play may permit.

The great New England play, "Quincy Adams Sawyer" which is attracting crowded houses everywhere takes its name from a wealthy young Boston lawyer, who goes into the country for his health, and charms the village girls. In the play this young hero beats the stage record for kissing. His kissing opportunities in the first and second acts may be limited, but with his osculations of the third and fourth acts he more than makes up for his deficiencies in the previous two acts.

County Convention.

The annual convention of the 15th district Washington county Sunday School association was held in the Presbyterian church at McDonald yesterday afternoon and last evening. Rev. G. G. Kerr, of Charleroi led the round table.

Euler's Wonderful Memory.

Leonhard Euler, who was born in 1707 and died in 1783 at St. Petersburg, where he spent his life as a teacher of great power and as a prolific writer, was an instance of the genuine mathematician endowed with almost superhuman powers. He left more than 200 manuscript treatises on his favorite subject, and the bulk of the works published by his academy between 1727 and 1783 were from his pen. In his old age he was totally blind. Then he carried in his memory a table of the first six powers of the "series of natural numbers up to 100."

It is related that on one occasion two of Euler's students attempted to calculate a converging series. As they advanced they found they disagreed in the result by a unit in the fifteenth figure. The question was referred to Euler, who decided to make the calculation. He did this mentally, and his result was found to be correct.—New York Tribune.

PENROSE ACTIVE IN CAMPAIGNING

Senator Knows Necessity of Big Republican Vote.

IMPORTANCE OF TARIFF ISSUE

Pennsylvania Must Give Emphatic Indorsement of Payne Bill and Silence the Western Tariff Tinkers.

No one better than Boies Penrose realizes the importance of the campaign now under way in Pennsylvania.

No one better than Boies Penrose appreciates the far-reaching effect of a sweeping Republican victory in this state upon national conditions and national politics, and no one better than he understands how a reduced Republican vote and a reduced Republican majority would be heralded as a lack of confidence in the policy of protection which Pennsylvania's representatives in Washington so steadfastly championed at the recent session of congress.

Senator Penrose is therefore taking an unusually active part in the present state campaign.

He has made a number of speeches and he is giving much time to assisting the Republican state organization in the effort to get a large Republican vote to the polls on Nov. 2. He attended the convention of the State League of Republican clubs at Altoona, has made several speeches in Philadelphia, expects to visit Pittsburg to address a meeting on Oct. 28, and he will then return to Philadelphia to participate in the big Republican rally arranged by the Republican Business Men's association, which is to be held in Hammerstein's Opera House, the great temple of music in the Quaker City, which for the first time will be used for a political gathering. It was only due to the prominence of the members of the Business Men's association and the interest of the merchants and manufacturers of the city in the success of the Republican ticket that the opera house was secured.

Great Tribute to Penrose.

Senator Penrose has missed no opportunity to emphasize the importance of the tariff situation to Pennsylvanians. He has just been the recipient of one of the greatest testimonials ever given an American statesman.

The observation of "Penrose day" in the textile district known as Kensington was an event in the history of Philadelphia. The senior United States senator accepted invitations to visit a number of industrial plants, and he was given ovations at every place he stopped by thousands of mill workers, as well as the proprietors of the various establishments, in recognition of his services in protecting those interests in the framing of the Payne tariff bill. Flags were flying from the homes of many of the wage earners in the mill district and the factories were gaily decked with bunting. At each stopping place men and women assembled, and after listening to a short address from him upon the subject of the tariff and the benefits that have been derived from protection, they cheered the senator lustily. Employes, both men and women, made speeches thanking him on behalf of their colleagues.

In the evening of the same day over five hundred representative manufacturers, coming from various states of the Union, assembled at the Bellevue-Stratford and lauded Senator Penrose for the part he took in the great fight for protection so recently. Representatives of the wage earners were also heard from at this gathering.

Senator Penrose is making earnest appeals to Republicans of the state to roll up a majority such as will leave no question of Pennsylvania's position on the tariff issue and be a service of notice upon revisionists that further tinkering with the tariff will not be tolerated.

RULE OF THE SEA.

Old Whaling Law Applied to a Twice Caught Cod.

That etiquette is observed among the fishermen that journey to the fishing banks was discovered by an amateur angler on his first trip.

The amateur hooked a codfish, but his line parted just as the fish was above the water. Back fell the codfish, carrying with him two sinkers and the hook.

Twenty minutes later another angler cried out that he had captured a cod with two sinkers and a hook. The amateur went up to the angler, who appeared to be an old salt, and asked for his hook and sinkers, which had his name stamped on them. He was surprised when the old salt told him to take the fish also.

According to the rules generally followed on the fishing boats, the second angler was entitled to the fish, but the hooks and sinkers should be returned to their owner. The old angler explained why he wanted to give up the fish.

It seems that he had followed the sea a great part of his life. When a young man he was a whaler, and, according to whaling law, a dead whale belongs to the ship whose name appears on the harpoon that killed it. Therefore the old salt figured that the amateur owned the codfish he had taken.—New York Sun.

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 16, 1900, according to Act of Congress of March 3, 1879

VOL. X. NO. 57. CHARLEROI, WASHINGTON CO., PA., SATURDAY, OCTOBER 23, 1909. One Cent

ORDINANCES PREPARED FOR ACTION OF COUNCIL

Joint Committees Work on Them with Fruitful Results

M'KEAN MAY BE OPENED

If Weather Permits It May be Paved Between Boroughs This Year

The ordinance for the opening up of McKean avenue between the boroughs of Charleroi and North Charleroi and the one for the changing of the course of Lincoln avenue, were prepared for action by the Charleroi council last night at a meeting of the street and ordinance committees. All members of the street committee, Councilmen Frew, Calvert, and Frye were present and one member of the ordinance committee. Mr. Frye. Solicitor D. M. McCloskey attended the meeting. C. N. Bennet and Charles F. Thompson were present for the Westside Street railway company, and T. P. Sloan, councilman from North Charleroi borough, was also present.

The ordinance for the opening up of McKean avenue, was one that had been prepared by the Pittsburg Railways company. It was gone over thoroughly and put in shape for council to take it up at the next regular meeting, which will probably be ready next week.

The ordinance for the change in course of Lincoln avenue has already passed first reading, and was placed in the hands of the joint committees for whatever alterations might be thought necessary. It was also gone over thoroughly, and put in such condition that it is prophesied that it will pass finally at the next meeting.

Both are important ordinances. If the weather permits, it is likely that the McKean avenue extension will be paved this winter, if the ordinance passes.

The North Charleroi council took action some time ago on the matter of opening up McKean avenue and have been waiting action by the Charleroi council. Apparently the matter will be fixed up by the passage of the ordinance, and the Pittsburg Railways company which was to do the most of the work will begin activities.

FIRE BUILDING FOR SOUTH BROWNSVILLE

Work will be begun within the course of a few days on a fire building for the Borough of South Brownsville. Council recently acted on the matter, and made arrangements for the construction to start at once. The plans and specifications call for a two story frame building lower story to contain two box stalls and engine room and the upper story to contain a meeting room for the fire company and a feed and storage room. The whole building will cost about $1,500.

"The Merry Cobler."

A comedy drama in four acts in Charleroi Turner Hall, Friday evening, October 29, 1909 by the M. T. V. Dramatic section of Monongahela. Tickets twenty-five cents. Doors open at 7:30 performance at 8:15. Tickets on sale at Piper's Drug Store. 57t6

The last week to get a pair of shoes at a greatly reduced price at C. R. Newcomer's.

Professional Bums Frequent Charleroi

Not as Much a Nuisance as Some of the Tribe, However

There are a number of tramps and professional bums in this section now, who are working the people for whatever they can get out of them. This is the time of the year that the bums become ready for their winter's migration, or get sent to jail. Many prefer jail during the cool weather, on account of the good feed and the warm accommodations they get. Yesterday Charleroi was infested with a number, who, however, did not make themselves very promiscuous.

DONORA ASKING FOR COMPETITION

Philadelphia Company Now Considering Proposition

The Philadelphia Gas company has a map of Donora, and at the present time is contemplating a proposition made them by the borough to come it. The company now has a line running along the southern border of the town and supplies the mills with their natural gas, so that they would have easy access to the borough. This action was taken by the city fathers soon after the Greensboro Gas company declared the raise in price. If there is a bill in equity filed against the Greensboro company, however, it is likely that Donora will join.

The Philadelphia company's lines also extend through Charleroi, and supply the gas for the Macbeth-Evans plant.

SIDEWALKS NOT TO BE USED FOR DISPLAY

An ordinance forbidding the use of sidewalks by vendors of fruit, meats, fish, peanuts or any other article of merchandise has just been made law in Monessen. All goods, wares or merchandise displayed on any portion of the sidewalks must be enclosed in glass cases or fixtures of a permanent character, not to exceed 20 inches from the building line. It is now unlawful for any one to place anything on the sidewalks that tends to obstruct the free use of them, except for loading and unloading purposes and then for a period not to exceed three hours.

The fine for arrest and conviction is not less than $1 and more than $10, or imprisonment not to exceed five days. This practice has been so badly abused in Monessen as to become a nuisance in many cases. It is believed this action will meet with general approval. Burgess Reamer has just signed the ordinance

The ordinance is something after the plan of the one passed in Charleroi not long ago, to the effect that signs must not extend out over the sidewalk more than 20 inches.

Chicken and biscuit supper under the auspices of the Ladies Aid, in basement of First Christian church, Saturday, October 23, 1909. Children under 10 years, 25 cents. Adults 35 cents. 54t4

DEADLOCK IS BROKEN

Member Elected to Donora Council to Fill Out Unexpired Term

The Donora councilmanic deadlock has at last been broken, and Thomas Young will become a member of the body of council, at the next regular meeting. The message resulted from the resignation of the unexpired term of J. Frank Patterson.

Alex Carlson and Thomas Young were the men over which there has been trouble. It has been the custom to monthly meet, call the roll, and among other business nominate these two for the office, then deadlock, and to pass on to something else. But at the last meeting, which was on last Monday, one member was absent, he being one of Carlson's backers. The names were proposed and Young was elected three votes to two.

COULD GET GOOD BUNCH OF PLAYERS

Charleroi Has Sent Many Baseball Artists to Professional Leagues.

Had the Pittsburg National league baseball team come here last week for a game, the chances are that they would have been treated to a surprise. Charleroi intended to put her own players into the game, but when they are rounded up a fast bunch is the result. Charleroi has graduated a number of players into larger leagues, where they are making good at the present time. The peer of them is "Bill" Phillips, the former Chicago National league pitcher. While he is from Allenort and played ball with Chicago before he played in Charleroi, he may be considered as belonging to this place, as he has business interests here.

The probable lineup in case Pittsburg would have come here would have been from the following players: Murray, Portland, Oregan, Pacific Coast league, or Malepeace, Youngstown, O. and P., catcher; Bert Humphries, Grand Rapids, drafted by Philadelphia Americans, Willis Humphries, drafted by Pittsburg, Arch Osborne, East Liverpool, O. and P., finished with Wheeling, Wolf, Wheeling, Central league, Phillips, manager Wheeling, pitchers; McGinty, drafted by St. Louis Americans, shot stop; Phillips, first base; Urben, Charleroi, Pa. W. Va., second base; G. Elliott, McKeesport, O. and P. 3rd base; Coulson, Memphis, Southern Association, left field; H. Elliott Charleroi and Fairmont, Pa., W. Va., middle field; Abbott, New Castle, O. and P., right field.

This is a bunch that would have caused the Pirates to sit up and take notice. With a weaker aggregation than this the Charleroi P. O. M. team in 1906 shut the Pirates out in a barn-storming game here before the season opened.

PAVING WORK IS PROGRESSING WELL

Unless there is too much bad weather, the laying of brick on North Charleroi streets, which are to be paved, will be begun by the first of November. The first part that will be paved will be the section of street near the station and the street leading from the street car line to the schoolbuilding. The grading is being finished up as rapidly as possible and the Pittsburg-Railways company is preparing to lay their double tracks. The railways company will pave between their tracks.

Unpaid Taxes.

On October 1, 1909, the unpaid balances on state and county taxes for the years 1907 and 1908 were as follows: 1907, $11,9719.01; 1908, $27,810.61. The books were placed in the hands of the collectors on September 15.

Mr. and Mrs. Neri Newcomb left this morning for Pittsburg and other points where they will visit with friends.

GAUZE IN STOMACH

Doctors Leave Part of Implements in Man, Then Cut Him Open to Get Them

Jokes about doctors leaving instruments and other parts of their outfit inside the anatomy of patients who have been operated on, are not so far fetched after all. [illegible] Frank Naylor, of Webster, who was shot some time ago by an Italian through the abdomen, has just had extracted from his internal affairs a piece of gauze 9 by 11 inches long which the surgeons had inadvertantly left there and which the young man had carried around for 19 weeks.

At the time Naylor was shot on May 29 the wound was thought to be fatal. He was taken to a hospital and operated on, and finally rallied, but did not entirely recover. Recently a physician examined him and found a piece of thread protruding from the wound which had never entirely healed. An immediate operation disclosed the presence of the gauze, and it was extracted.

INDEPENDENT IS GAINING GROUND

Probabilities are That Line Will be Installed in Donora.

The Independent Telephone company in entering a new field of conquest, Donora, and from present indications it will be successful in gaining apace in that borough. The council of that borough has already passed an ordinance granting a franchise to the Independent company through first reading, and it is likely that the matter will pass second and third readings at a future date. The Donora people are dissatisfied with the service being rendered by the Bell Telephone company, who recently declared a cut down in the district so that free service was no longer to be had between Belle Vernon and Fayette City, and other towns south of Charleroi. The Independent company is affiliated with the Charleroi Telephone company.

WILL CELEBRATE HALLOWE'EN SANELY

Through the agency of its Civic League Belle Vernon is going to have a Hallowe'en celebration. This will be in the nature of a parade, which will be made up of floats, maskers and other novel features. The town will be given over to well regulated fun and hilarity and a large crowd is expected. Extensive preparations are being made for an interesting program.

The Civic League of Belle Vernon recently elected the following officers: President, E. L. Sears; first vice president, E. M. Kyle; second vice president, W. A Mitchener; recording secretary, C. H. Truxall; corresponding secretary, F. H. Steen; treasurer, W. C. Kittle. These gentlemen make up the executive committee.

The new railroad station will be secured though the efforts of the League, which is now working for better train service in and out of the town.

ODIOUS EXPRESSION CAUSE OF TROUBLE

The disgusting expression "Oh You Kid," is said to be responsible for a Monessen youth getting into trouble at Pittsburg recently. While walking the street there, in passing a young woman, he gave vent to the odious expression "Oh You Kid." She walked on, quietly but got a policeman around the corner, came back and had the young man arrested. He was given a ride in a patrol wagon, [illegible] istrate pleaded guilty. He was given a severe reprimand and assessed a fine and costs amounting to $37.50.

Get in line and be on time to attend C. R. Newomer's big reduction sale. It lasts to October 27 only. 56t2

STRIKERS CLAIM THEY HAVE "COMBINE" LICKED

Congressman Tener to Attend Convention

Will Be in Party Going Over the Mississippi Next Week

Congressman J. K. Tener leaves today for St. Louis where he will accompany the Presidential party on its tour down the Mississippi river in the interests of inland waterways improvement. Besides President Taft the party will be composed of other Government officials, Governors, Senators and Congressmen who are interested in the policy.

THE LAW NOT THE COMPANY WRONG

So is Option of Correspondent on Much Discussed Gas Question.

To the Mail: Charleroi and neighboing towns are for the present agitated over the increase in the price of gas. No one, outside of the big shareholders is in favor of this latest grab, but, getting down to the foundation, to the question of right or wrong, is the gas company committing a wrong? I claim the Greensboro Gas company is, so far as this raise in price is concerned, doing a perfectly lawful business. The claim is set forth that as Brownsville and Monongahela are getting cheaper gas, so also should Charleroi. So it should, but how are you going to get it? In Brownsville and Monongahela there is competition—in Charleroi the product is cornered. The gas is owned by the Greensboro company and they have a right to sell it for any price they may see fit to charge for it. If you don't want to buy the article, you can do without it. How would you, Mr. Business Man, like to have a Federal officer step into your store and demand that you reduce the price of shoes, clothing or any other article that the people must use? You would be quick to cry out "confiscation."

The truth of the matter is that Charleroi has dug the hole and then put its foot in it. It will grant exclusive rights and then kick because they are exercised. If all the people of Charleroi owned the gas no one of them could raise or lower rates, but of course that wouldn't do; it would savor too much of that hateful, treasonable, seurilous, anarchistic policy so bitterly hatred by our "good old honest Government."

Jim.

County Seat Without Water.

Washington is having the experience that Charleroi did several years ago, when a break in the pump here caused a water famine of nearly three days. At the county seat a break in the pump this morning necessitated sending the part to Pittsburg for repairs, and the town is without water.

Speakeasies Flourish.

The Canonsburg Notes asserts that speakeasies are said to be numerous in the east end of that town, and that large quantities of liquor are sold there illegally.

We still have about 500 pair of shoes on sale. Big reductions while they last. C. R. Newomer.

Window Glass Men Said to be Gaining Constantly in Strength

NEW FACTORY WILL START

Brownsville Company Will Provide Work for Many of the Belle Vernon Men

Both in Belle Vernon and Monongahela at the strike of the American Window Glass company, everything is quiet. The strikers claim that they are gaining constantly in strength, and have the "combine" licked while the company is striving to maintain their plants in operation, and keep before the public the fact that they are making good at the attempt.

The workers have been on strike now seven weeks and one day, on account of the disagreement over the wage scale. As a matter of fact the strikers are more solid now than when they started, although it is said that some have deserted the ranks, and gone elsewhere to work. The Window Glass company is still running advertisements in different papers for men, who wish to learn the trade, promising good wages. While the company stated that it is no difficult matter to learn these new workers the business, the strikers claim that the demand is so great for window glass, that new workers, cannot supply it.

The Window Glass company in Belle Vernon recently sent out personal letters to each of the former skilled workers, asking them to return, and during the past week a canvass has been made. The strikers are asked to come to the glass house and see how successfully the plants are being operated, but few have gone.

It is stated now that the Brownsville plant is to start, and this is eagerly awaited by the Belle Vernon men, who could secure postions there and still reside in Belle Vernon The Brownsville plant is a hand plant, and has not been running steadily for some time. It is stated that the window glass trade is now on the boom, and the hand made product is especially desired.

DAMAGE TO BOATS FROM ACID IN WATER

It is said that acid in the Monongahela river now is interferring with the packet and coal trade. One boat, the Jewell, is entirely out of commission for the time being, until her boilers can be repaired. The trouble is practically the same as that experienced during the period of low water last year, when acid coming from the mines and mills did great damage to the boilers of boats. The L. C. Woodward is practically out of commission, although it has been making an attempt to run on schedule time.

To Have Lecture Course.

Monessen is to have a lecture course this year. It is to be supported by the Centennial Bible class of the Christian church. There are four numbers in the course, and tickets are being sold for the entire number at $1.00. The entertainments are Jubilee Singers, Dr. I. J. Cahill, lecturer; The Houstons, musicians, magicians and ventriloquists and Dr. F. D. Power, lecturer.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

As You Look Into the Future

you cannot tell when you will need money most. It may be next year, or twenty years from now---but it's better to be prepared for any such time.

No Reason to Bolt.

An effort is being made in certain quarters in the county to induce Republicans to bolt the ticket this fall. There is no particular reason for so doing, as no issue is involved except the continued administration of the business affairs of the State in the capable and efficient manner in which it has been conducted since the last campaign.

In order to carry out the progressive and beneficient principles of the Republican party on National issue it is necessary to perpetuate and strengthen the party organization in both county and state. While there may be no issue involved but the personal qualifications of the candidates, those on the Republican ticket have everything in the way of capability, fitness, and integrity that the opposition can claim. It was the rank and file of the Republican party itself that selected the candidates, and no claims can be made that their nomination was dictated by bossism. The county candidates were nominated by a direct vote of the people, while the State officials were chosen by representatives elected by the people. Everything being fair and above-board, Republican voters are in honor bound to turn out and support the candidates at the election November 2 that they nominated.

Teach Men to Vote.

With all its great impetus during the past two or three years church work and influence will continue to go wide of its mark until an obligation requiring men to vote is made a cardinal principle of the church body itself as well as all of the various societies and brotherhoods which are growing so rapidly of late. Lack of civic patriotism and neglect of the electorate franchise is productive of as much evil as the lack of church organization itself. As a matter of fact it is the indifference of the church vote that permits all the evils to exist that are menaces to our social body today.

In the current number of McClure's Magazine is an article showing the [illegible] slave traffic which, with headquarters in New York City, extends its baneful influences into every quarter of the Union. This nefarious traffic is regularly organized and fostered through the political influence of Tammany Hall, which, in exchange for the votes of the offscourings, who deal in flesh and blood, protect them in their calling. The article is the result of the careful investigations of an expert sociological writer, and at least half of the men who read it instinctively know it is true. The system is strongly intrenched in every large city through the political machinations of those who control civic affairs and barter souls for votes.

All that is necessary to abolish this shameful condition is for men to vote [illegible] the church people of nearly every large city have had a spasm of virtue and routed the political vampires at the polls, but they never follow up their victory, and conditions soon lapse back to the former low level. When the "silk stocking" vote of the East End, Pittsburg, turned out it overwhelmed all the down town wards that control elections. But the East End vote seldom turns out, and the vampires continue in control.

No church brotherhood or men's society will be complete that does not carry with it an obligation for its members to vote at every primary and general election. The evils the church can prevent but doesn't must surely be charged up against it.

What it is Coming To.

If Charleroi people are dissatisfied with the raise of the price in gas they have only to look to Belle Vernon and Monessen to see what is in store for them if they submit tamely to every advance in price. In those two towns the rate is 30 cents a thousand cubic feet with a discount of 2 1-2 cent for prompt payment. As the company usually takes the half cent in making change, it gets quite a comfortable income in that manner each month.

Some years ago the rate in Belle Vernon was 15 cents but as there was no competition there it has been gradually raised until now it is double what it was on the start.

This is what will happen in Charleroi unless a competing company comes in or other steps are taken. Whatever the public will submit to tamely will be exacted from it.

ELECTRIC SPARKS

Cook says he is going to prove that he is not a liar. Peary has practically acknowledged that he is going to prove that Cook is a liar. Better both keep still, or the public will be ready and willing to call you both capital builders.

A college professor says that everyone should eat the skin of fruit as well as the fruit itself. Suppose he must have been thinking of the scarcity of apples. Might have meant to clasify wheat as a fruit also.

Connellsville is threatened with a silk mill. Charleroi can give some pointers in the game of how to enjoy them the best—possibly by leaving them alone.

Again the Washington Observer is in a quiet mood. Why not bring up the matter of the phantom votes? Guess the registration list interferes.

"The average boy is more ashamed of the neckties his father wears than he is of being expelled from college," says the Sheep Hill Philosopher.

William Allen White says that Cannon makes more anarchists than Emma Goldman. Aw! Gwan. Cannon has more sense than that.

In the Elk's hunt this year a rule is most noticeable. It is to the effect that chippies are not to be shot in an alley. H-i-s-s-s-t!!!!!!! Did someone do this last year?

The Monongahela Railroad is to be extended in the near future. Which means that the company is going to put the B. and O. out of business if possible, suppose.

And You'll Have to Tell.

"In about eight months
The census man
Will be around asking
'How old is Ann?'"

And if Ann won't tell
Her age to the day,
About how many words
Will the census man say?

It isn't the business that is worrying many persons. It's getting the money that's making them gray haired.

Apparently the silk mill proposition over at Connellsville is about the most interesting thing that is to be discussed. Even men are around hunting jobs already. One landing in that place ahead of time got drunk, and so forth.

An exchange says that a woman used her fists around the house to good advantage. That expression may be all right that way, but you would never say "good" in speaking of the way a man uses his fists.

Many parents who think their children are incorrigible are willing to fight if any one else says the same thing.

A horse race is a tame affair compared with some church socials.

Monongahela's "Booster Week" will come in handy for the merchants of that place, who needed the money.

My, but Greene county's getting up-to-date! They've had two murders there in the past three years. However, they are yet to have a real mystery. At present all the mystery in that place seems to consist of "How Sim Thompkins got his Whisky," or "Why did Josh Bilkens' cow want to whistle?"

Fayette county is a wild and wooly place, all right. You can fall in a sunken coal mine most anywhere.

The Washington Reporter says they are "making" each county officer give his little mite, for campaign expenses. Nope. Wrong again. That's what they did when it was Ernie's turn to be elected.

Some fellows do write poor poetry. It's good stuff until they graft some fool editor to run it.

Very often three people are made happy by a wedding. The third party is the minister who gets the fee.

Many widows wear black when it's becoming—not for the deceased husband, but for the next one.

They are talking about a safe and sane Hallowe'en already, but many people are contemplating taking precautions that will makeit really safe, which consists of removing the front gate themselves and storing it away, and the locking down of every piece of property that is lying around.

The Uniontown Herald calls Connellsville "Mud Island" and the Connellsville Courier refers to Uniontown as "Beesontown." Both are ancient and honorable titles, and reminiscent of former days.

With football and aeroplanes booming and prospects of some more automobile races the doctors do not consider these such poor times. A professor says there are five stages in the life of the average schoolboy. They must be before, was, is, freshman, and know-it-all.

Branching Out.

Gottheld Bros. are building a 44 by 58 feet structrue on the lots recently purchased by them on McKean avenue between Seventh and Eighth streets. It will be used for stables, wagon sheds and automobile garage. Messrs. Gottheld are tearing out the stables on their Fallowfield avenue property and will build a structure there for a store room for their grocery business.

SIXTEENTH DISTRICT CONVENTION SUNDAY

District No. 166, of the Washington County Sunday School Association, which includes California, Coal Centre and Roscoe will hold a Sunday school convention in the First Presbyterian church of Roscoe, next Sunday afternoon and evening. Speakers of State wide reputation in the Sunday School field will be present and deliver addresses. A number from Charleroi Sunday schools are arranging to attend.

Mrs. Ida Chandler and Mrs. W. U. Hartupee of Pittsburg spent yesterday in Charleroi, visiting friends.

TALE OF THE "EARLY" DAYS

"I am delighted to know and to see that the new bridge at your city is nearing completion and that a celebration will be held to honor its completion," writes Dr. J. S. VanVoorhis in the Monongahela Republican. "As I pass through the city during its construction I never fail to take a peep at the new bridge.

"At the time of the building of the old wooden bridge the business center of Monongahela was at the mouth of Pigeon Creek, and the very idea of having the bridge located down town would have been repugnant to the business interests. The mouth of the creek was the wharf and harbor of the town. There Bob Ray, Creakbaum, Caleb Harvey, John Nelson, et, al., loaded and unloaded their keel boats of freight consisting of store goods for Charley Bollman, Aaron Kerr, Joseph Wilson, Samuel Black, et al., from Pittsburg and, of whiskey and flour out of upper Pigeon Creek for Pittsburg, and here was the landing of the ferry, plied so long and faithfully under the supervision of the late Frank Manown. At this ferry crossed the largest number of Dutch to the west of any other ferry on the Monongahela and Ohio during that campaign of immigration. These people were carried westward in covered Conestga wagons and formed the nucleus of that class of citizens that laid the foundation of the now great west.

The building of the old bridge is yet alive in my memory. It seem almost sacrilege to have the very foundation removed. When the piers are taken and out the submerged wood work brought to light, I would be pleased to have some one note the condition of the sugar logs, as some of them were parts of trees grown on the old VanVoorhis homestead above the present driving park on Pigeon Creek. They were placed in the river in the summer of 1837—the bridge was completed in 1838. This bridge to some extent interspersed with the ferry business as operated at the so-called ford, now First street—and the Chess Ferry at Fourth street. The steamboats and other craft had their landing changed from mouth of Pigeon Creek and Fourth street to the present Second street wharf in about 1845. The principal contest was between the friends of Second and Fourth streets at the election of councilmen who made the change. The Ploughman was the first regular Monongahela steamboat packet—then followed the Export and the Moxohola. I hope you will have a grand gala day at the opening."

GERTRUDE GOODWIN MILLER COMPANY

Assisted by Francois Jores, a brilliant and artistic pianist, Paul V. Archibald, the popular baritone, and Ida Miller Smith, a soprano of rare attainments, Miss Gertrude Miller, reader, will give the first number of the Citizens' Entertainment Course at School Hall next Monday night. In addition to a charming personality, a fine intellect, and a splendid voice, Miss Miller's interpretations are said to rise above the level of mere entertainment. Her supporting company is composed of artists of the highest attainments and is one of the best on the American platform today.

Already a large number of season tickets have been sold. The entertainment course is an effort on the part of a body of citizens to promote high class entertainment for the people, and it deserves the patronage of all.

WRESTLING MATCH WILL BE A FEATURE

A fair-sized audience was in attendance at the "Moulin Rouge Girls" burlesque show at the Coyle Theatre last night, which will be repeated again tonight The company is made up of a bunch of clever entertainers, most of them comely girls, who appear to excellent advantage in the bright song numbers that have been arranged for them. Milton Shuster, well known in Charleroi is the feature comedian in the east, and with the leading comedy in such excellet hands there is sure to be something doing all the time. Some of those who will assist in sending the audience home in good humor, are Sutter and Belford, May Burns, Shuster and Shuster, Joe Mack, Maud Gray, Mlle. Orletta in her Vampire Dance.

A wrestling match between one of the male and female members of the troupe, and a chorus girl's contest, will be special features tonight. In this latter contest each of the girl will do a turn, and the one that gets the most applause will be awarded a prize.

[illegible] women in a thousand are either wholly unable to perceive certain colors or can recognize them only with difficulty. All attempts to overcome color blindness by educating the color sense have failed. There are three theories of color vision, all of which are based on the workings of the sensitive fibrils of the inner eye.

Odessa's Working Days.

The [illegible] of Russia, is twelve hours, with two hours for rest. Workers less than seventeen years old must go to school for three hours daily. Christians are not required to work Sundays or feast days nor Jews and Mohammedans on their holidays. Those who have to work on Sundays have the next day [illegible]

LOCAL NOTES

Brief Mention of People and Events in this Community.

The insurance firm of Kenyon, Pierce and Woodward have moved their office from the Bank of Charleroi building to the Parker building, Monessen.

Mrs. H. Myers is quite sick at her home at North Charleroi with an attack of grip.

A marriage license was granted at the county seat yesterday to Charles J. Rodgers and Mary Cornell, both of Charleroi.

Frank C. Houston, the singing evangelist who will conduct services at the First Christian church arrived and last night trained the chorus for the services. It is expected that there will be a chorus of nearly 100 voices.

Mrs. S. T. Chester and daughter of Crest avenue are spending the day in Pittsburg.

Misses Florence Crill, and Nelle Scott were in California last evening to attend a school society meeting.

Miss L. Reese of Pittburg spent last evening in town with friends.

Miss Lulu Reitz is spending the day in Pittsburg.

Miss Anna Sullivan is a Pittsburg caller today.

A. H. Furlong, the reliable piano man, among a large stock of new pianos, has for sale two slightly used pianos which he will sell at a great sacrifice. These pianos were used at Eldora Park for a term of four months. A. H. Furlong, 415 Fallowfield avenue, Charleroi, Penna. 57t2

Mrs. H. F. Steckman and son Glenn of Rices Landing, who have been the guests of Mrs. Patience Bonnell for a few days, returned to their home this morning.

Mrs. D. F. Worthington of McKean avenue has returnd home from Chambersburg and Harrisburg, where she spent three weeks. While at Harrisburg Mrs. Worthington attended the State Sunday School convention.

Dr. Edwin McKay has moved from 538 Washington avenue to his new residence at the corner of Fourth street and Washington avenue. His present number is 400, Fallowfield avenue.

The Heart of the Hailstone.

If it were not for the countless trillions of dust particles that float separately invisible in the atmosphere there could be no raindrops, snow crystals or hailstones. From a perfectly dustless atmosphere the moisture would descend in ceaseless rain without drops. The dust particles serve as nuclei about which the vapor gathers. The snow crystal is the most beautiful creation of the aerial moisture, and the hailstone is the most extraordinary. The heart of every hailstone is a tiny atom of dust. Such an atom, with a little moisture condensed about it, is the germ from which may grow a hailstone capable of felling a man or smashing a window. But first it must be caught up by a current of air and carried to the level of the lofty cirrus clouds, five or six or even ten miles high. Then, continually growing by fresh accessions of moisture, it begins its plunge to the earth, spinning through the clouds and flashing in the sun like a diamond bolt shot from a rainbow.

Quite Sufficient.

Mrs. Jones (inspecting a milliner's window)—I don't see what it is that keeps those women's heads turning around all the time. Mr. Jones—Why my dear, just a bonnet itself is sufficient to turn any woman's head.—Lippincott's Magazine

Christian.

Evangelistic services will begin tomorrw at the Christian church, with Evangelist Frank C. Houston in charge. The chorus met last evening for their first practice and preparations are all completed for beginning their revival. The sermon themes tomorrow will be: Morning, "The Living Sacrifice;" evening, "Without a Friend."

CURING CATARRH

Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to preform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucu-Tone will do wonders toward overcoming catarrh. It is made from the prescripton of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form to give Rexall Mucu-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and $1.00. Remember you can obtain it only at our store—The Rexall Store. John W. Carroll.

WHEN HER BACK ACHES

A Woman Finds all her Energy and Ambition Slipping Away.

Charleroi women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains headaches, dizzy spells distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Charleroi woman's words:

Miss N. K. McDeavitt, 833 Lincoln Ave., Charleroi, Pa., says: "I was in such a serious condition as a result of kidney disease that I was unable to get around. I suffered severely from pains in my back and severe headaches. I had a constant feeling of depression and was unable to sleep well. A friend finally advised me to try Doan's Kidney Pills and I procured a box at Piper Bros.' drug store. From my experience with this remedy, I feel that I cannot praise it too highly. Doan's Kidney Pills live up to representations in every way and gave me prompt relief from my suffering."

For sale by all dealers. Price 50 cents. Foster-Milburn, Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

French Class Forming.

All those desiring to learn French language by easy method under highly competent instructor, terms moderate, apply 277 Mail office. 57t2p

Master's Sale in Partition

The undersighed Master, appointed by the Court of Common Pleas of Washington County, Pa., at No. 175 in Equity, will offer at public sale, on the premises, on

Thursday, November 4th, 1909

at 2 o'clock P. M., the following REAL ESTATE situate in the Boroughs of TWILIGHT and SPEERS, Washington County, Pa., near the Borough of Charleroi, described as follows:—

[1] An unimproved lot in the Borough of Twilight, 26x86 feet, being part of Lot No. 1 in the A. M. Young plan in said borough, adjoining land now of late Gibson Young.

[2] An unimproved lot in the Borough of Speers, adjoining land of the Bellevernon Bridge Company, fronting 181.9 feet on State Street and extending along the Monongahela River 135 feet.

[3] A lot of ground in the Borough of Speers, known as Lot No. 16 in the plan of said borough, fronting 55.5 feet on State Street and extending back 130 feet to an alley on which lot is erected a two-story frame building, occupied as a store room and dwelling.

[4] A tract of land in the Borough of Speers, containing 41.8 acres, lying along a public highway known as the State Road and sometimes called State Street, adjoining lands of the Electric Street Railroad, the N. Y. & C. Gas Coal Co., the Stewart heirs, and others; street car line along one side; suitable for building lots.

[5] A tract of land in the Borough of Speers, containing 19.89 acres, extending along the Monongahela River, a distance of 1096 feet, adjoining lands of the Electric Street Railroad, S. C. Speers, the N. Y. & C. Gas Coal Company, and others; subject to the right of way of the P. V. & C. Railway Co., suitable for manufacturing site or building lots.

The above described real estate was formerly the property of Noah Speers, deceased.

TERMS OF SALE: 10% cash on day of sale; one third less the 10% on the confirmation of sale and delivery of deed; and the balance in two equal installments, payable in 6 and 12 months, respectively, to be secured by right and mortgage, with interest at 6% per annum.

J. R. McCreight, Master

John F. Post, Auctioneer.

"Quincy Adams Sawyer" Coming

Twenty kisses in a play, is the record in "Quincy Adams Sawyer," the big New England play from New York, which is coming to the Coyle Theatre soon. If all the world loves a lover, it is equally true that all theatregoers enjoy lovers on the stage who are given to osculatory demonstrations. There have been many famous kisses on the stage. The first one of note was the Emma Abbot kiss, and more recently there has been the Nethersole-Carmen kiss. Most people would not give the snap of their finger for a play in which they could not see the hero make love to one or more pretty women; they like to see them indulge in osculatory exercises as often as the story of the play may permit.

The great New England play, "Quincy Adams Sawyer" which is attracting crowded houses everywhere takes its name from a wealthy young Boston lawyer, who goes into the country for his health, and charms the village girls. In the play this young hero beats the stage record for kissing. His kissing opportunities in the first and second acts may be limited, but with his osculations of the third and fourth acts he more than makes up for his deficiencies in the previous two acts.

County Convention.

The annual convention of the 15th district Washington county Sunday School association was held in the Presbyterian church at McDonald yesterday afternoon and last evening. Rev. G. G. Kerr, of Charleroi led the round table.

Euler's Wonderful Memory.

Leonhard Euler, who was born in 1707 and died in 1783 at St. Petersburg, where he spent his life as a teacher of great power and as a prolific writer, was an instance of the genuine mathematician endowed with almost superhuman powers. He left more than 200 manuscript treatises on his favorite subject, and the bulk of the works published by his academy between 1727 and 1783 were from his pen. In his old age he was totally blind. Then he carried in his memory a table of the first six powers of the "series of natural numbers up to 100."

It is related that on one occasion two of Euler's students attempted to calculate a converging series. As they advanced they found they disagreed in the result by a unit in the fifteenth figure. The question was referred to Euler, who decided to make the calculation. He did this mentally, and his result was found to be correct.—New York Tribune.

PENROSE ACTIVE IN CAMPAIGNING

Senator Knows Necessity of Big Republican Vote.

IMPORTANCE OF TARIFF ISSUE

Pennsylvania Must Give Emphatic Indorsement of Payne Bill and Silence the Western Tariff Tinkers.

No one better than Boies Penrose realizes the importance of the campaign now under way in Pennsylvania.

No one better than Boies Penrose appreciates the far-reaching effect of a sweeping Republican victory in this state upon national conditions and national politics, and no one better than he understands how a reduced Republican vote and a reduced Republican majority would be heralded as a lack of confidence in the policy of protection which Pennsylvania's representatives in Washington so steadfastly championed at the recent session of congress.

Senator Penrose is therefore taking an unusually active part in the present state campaign.

He has made a number of speeches and he is giving much time to assisting the Republican state organization in the effort to get a large Republican vote to the polls on Nov. 2. He attended the convention of the State League of Republican clubs at Altoona, has made several speeches in Philadelphia, expects to visit Pittsburg to address a meeting on Oct. 28, and he will then return to Philadelphia to participate in the big Republican rally arranged by the Republican Business Men's association, which is to be held in Hammerstein's Opera House, the great temple of music in the Quaker City, which for the first time will be used for a political gathering. It was only due to the prominence of the members of the Business Men's association and the interest of the merchants and manufacturers of the city in the success of the Republican ticket that the opera house was secured.

Great Tribute to Penrose.

Senator Penrose has missed no opportunity to emphasize the importance of the tariff situation to Pennsylvanians. He has just been the recipient of one of the greatest testimonials ever given an American statesman.

The observation of "Penrose day" in the textile district known as Kensington was an event in the history of Philadelphia. The senior United States senator accepted invitations to visit a number of industrial plants, and he was given ovations at every place he stopped by thousands of mill workers, as well as the proprietors of the various establishments, in recognition of his services in protecting those interests in the framing of the Payne tariff bill. Flags were flying from the homes of many of the wage earners in the mill district and the factories were gaily decked with bunting. At each stopping place men and women assembled, and after listening to a short address from him upon the subject of the tariff and the benefits that have been derived from protection, they cheered the senator lustily. Employes, both men and women, made speeches thanking him on behalf of their colleagues.

In the evening of the same day over five hundred representative manufacturers, coming from various states of the Union, assembled at the Bellevue-Stratford and lauded Senator Penrose for the part he took in the great fight for protection so recently. Representatives of the wage earners were also heard from at this gathering.

Senator Penrose is making earnest appeals to Republicans of the state to roll up a majority such as will leave no question of Pennsylvania's position on the tariff issue and be a service of notice upon revisionists that further tinkering with the tariff will not be tolerated.

RULE OF THE SEA.

Old Whaling Law Applied to a Twice Caught Cod.

That etiquette is observed among the fishermen that journey to the fishing banks was discovered by an amateur angler on his first trip.

The amateur hooked a codfish, but his line parted just as the fish was above the water. Back fell the codfish, carrying with him two sinkers and the hook.

Twenty minutes later another angler cried out that he had captured a cod with two sinkers and a hook. The amateur went up to the angler, who appeared to be an old salt, and asked for his hook and sinkers, which had his name stamped on them. He was surprised when the old salt told him to take the fish also.

According to the rules generally followed on the fishing boats, the second angler was entitled to the fish, but the hooks and sinkers should be returned to their owner. The old angler explained why he wanted to give up the fish.

It seems that he had followed the sea a great part of his life. When a young man he was a whaler, and, according to whaling law, a dead whale belongs to the ship whose name appears on the harpoon that killed it. Therefore the old salt figured that the amateur owned the codfish he had taken.—New York Sun.
